

PROJECT UPDATE

92ND STREET BRIDGE TO CLOSE

As part of the Zoo Interchange project, the 92nd Street bridge, over I-94, will be closing long-term on February 3, 2015. Demolition of the bridge will take place during the overnight hours of February 5 through 7. Over the next several months, the bridge will be reconstructed and widened, with a projected opening in late 2015. Prior to the closure of 92nd Street, 84th Street, under I-94, will reopen to one lane in each direction, and will be used as the primary detour route. The I-94 West exit ramp to 84th Street, as well as the 84th Street entrance ramp to I-94 West, are scheduled to reopen in late Spring/ early Summer.

WHAT TO EXPECT DURING CONSTRUCTION

Some construction activities are likely to create noise and/or dust during the course of the project. Be assured that we always work hard to minimize the impact of these events, but, if you have a concern, please do not hesitate to contact us. The project team appreciates your patience during this period of intense construction in your area.
